## Moodle Learning Management System

For faculties of any discipline

Organized by

Department of Electrical Engineering

Government Polytechnic, Mumbai

### Profile of Institute

Government Polytechnic, Mumbai is a premiere autonomous institute of Government of Maharashtra. This institute is committed to be vibrant, keeping pace with technological development and expecting to achieve excellence in imparting Technical Education.

### Objective

COVID-19 Pandemic demands Teachers to learn how to use online platforms, adapt new teaching methods, maintain student engagement and find new ways to evaluate.

Moodle is world's most popular, free and open-source learning management system written in PHP and distributed under the GNU General Public License. Developed on pedagogical principles, Moodle is used for blended learning, distance education, flipped classroom, MOOCs and other e-learning projects in schools, universities, workplaces and other sectors. With hundreds of millions of users worldwide, more organisations choose Moodle to support their education and training needs than any other platform around the world. Learning should be accessible to anyone, from anywhere in the world, at any time. No matter where your students are, at home, abroad or at another campus, their learning journey can remain consistent, engaging and individualized.

Electrical Engineering Department of Government Polytechnic, Mumbai in association with Spoken Tutorial of IIT Bombay is conducting a National level one-week Online Faculty Development Program on Moodle Learning Management System to achieve the above objectives.

### Spoken Tutorial, IIT Bombay

Spoken Tutorial is a multi-award-winning educational content portal. Here one can learn various Free and Open Source Software all by oneself.

### Procedure to Apply

Interested faculties should follow following procedure.

- 1) Fill out the registration form at following link
