About Institute

- Government College of Engineering, Amravati (GCoEA) is one of the oldest engineering institutes in the state of Maharashtra, India, located in Amravati. It was established in 1964 by the Government of Maharashtra.
- The Institute started with three basic disciplines Civil, Mechanical and Electrical Engineering initially. Subsequently new degree programs in Electronic & Telecommunication, Computer Science & Engineering, Instrumentation Engineering and Information Technology were added as per the demand, need and requirements of the country.
- The institute now offers seven full time PG programs in Electrical Power Systems, Structures, Thermal Power Engineering., Environmental Engineering, Advanced Electronics, Computer Engineering and Geotechnical Engineering.
- It is also a recognized research center for Ph.D. Programs in Civil, Mechanical, Electrical, Electronics and Computer Engineering & Physics for Amravati University. The institute was granted Autonomy by UGC in 2005–06. The institute is a recipient of TEQIP-I and TEQIP-II grant by World Bank Project.

About ICAESD24

Welcome to ICAESD 2024 - the International Conference on Applications of Engineering for Sustainable Development. Our goal is to provide a platform for researchers, industry professionals, and students to share innovations and research findings. Scheduled for December 20-21, 2024, this conference aims to foster collaboration and knowledge exchange in Engineering and Technology. Join us as we explore sustainable development solutions and shape the future together.

Tracks / Topics

- Electronics System Design & Manufacturing
- Communications Systems & Signal Processing
- Internet Technology & Society
- Big Data & Internet of Things
- Machine Learning & Deep Learning
- Network & Cyber Security
- New Generation Biomedical Equipment
- IoT Based Instrumentation Application
- Nano Science & Nanotechnology
- Geo-Hazards & Risk Assessment
- Structural Health Monitoring
- New & Renewable Energy Sources
- Advances in Manufacturing
- Power Electronics & Drives
- AI/ML Applications in Electrical Engineering
